CITY IS IN TWO MEN WHO HAVE BROUGHT HER NAME

Into Prominence All Over the World by Their Inventions.

WRIGHT BROTHERS ARE THE LIONS

And Their Home City and Many Other Buckeyes Pay Homage.

Even Uncle Same Loosens Up and Sends Them Some Medals.

Dayton, June 17.—Somebody at dawn today yelled "Hooray for little old Dayton," which, coupled with the names of Wilbur and Orville Wright, immediately became the slogan of Dayton's two-days celebration in honor of the world's champion aviators. By the booming of cannon, shrieking of whistles and ringing of bells, the citizens of Dayton made it known that whatever claim the rulers of Europe or the government at Washington has upon the Wright brothers, theirs is that of fellow townspeople.

The ceremonies began at 9 a. m. At that hour the streets were thronged with people. For ten minutes every whistle, bell and tin horn in town joined in an outburst of hilarious sound.

From many triumphant arches swung out-stretched aeroplanes and on the tops of large buildings aeroplanes were made to represent the Wright's airship. On banners scattered through the city was inscribed "We knew the Wrights from early childhood." "They have made Dayton famous."

Escorted by state militia, troops of regular and a brass band, the Wrights were driven to a platform before which passed a pageant representing events from the founding of Dayton, 113 years ago, down to the present.

Conrad J. Schaefer, president of the local school board, thanked the aviators for the fame they had brought the city. Other speeches were made, telling how, on what is known as Huffman's prairie, eight miles east of Dayton, the Wrights, in 1905, made the record-breaking flight which first brought to them the attention of the world.

The chief event of the celebration will take place tomorrow, when medals will be presented by the national government, the state of Ohio and the city of Dayton. Governor Harmon will present the state medals. Those authorized by congress will be presented by General James Allen, chief signal officer.

After completing their flights for the government, which are to begin at Washington next week, both the Wrights will probably in August sail for Germany to take up their work there.

SUSPECTED LEPER GOES TO NEW YORK.

New York, June 17.—At a meeting of the board of health yesterday it was decided to offer no opposition to the bringing of John S. Early, suspected of being a leper from Washington to this city for treatment by Dr. L. D. Bulkeley. This action and the consent of the Washington authorities to permit Early to leave their jurisdiction will probable terminate what has been a lively controversy. The Washington physicians insist that Early has leprosy, and Dr Budkeley is just as confident that Early is suffering from a skin disease which he proposes to cure him.

When all obstacles had been removed, efforts were made by a railroad company to bring him from Washington, but all the roads declined, declaring that they would run no chances. Therefore Early will be brought here in an automobile, which will cost the Salvation Army, of which he is a member, $80. The journey will probably start today or tomorrow.

QUITE FORGOT WHO HE WAS.

Toledo, O., June 17.—Arthur Hewes, 20 years old, who walked into the mayor's office at Canton, O., yesterday and asked who and where he was, disappeared June 10, from his home at Hillsdale, Mich., 40 miles from here. He was to have been married last Monday to Miss Barbara Zamon, 20. She said they had had no difference and she could not account for his action.

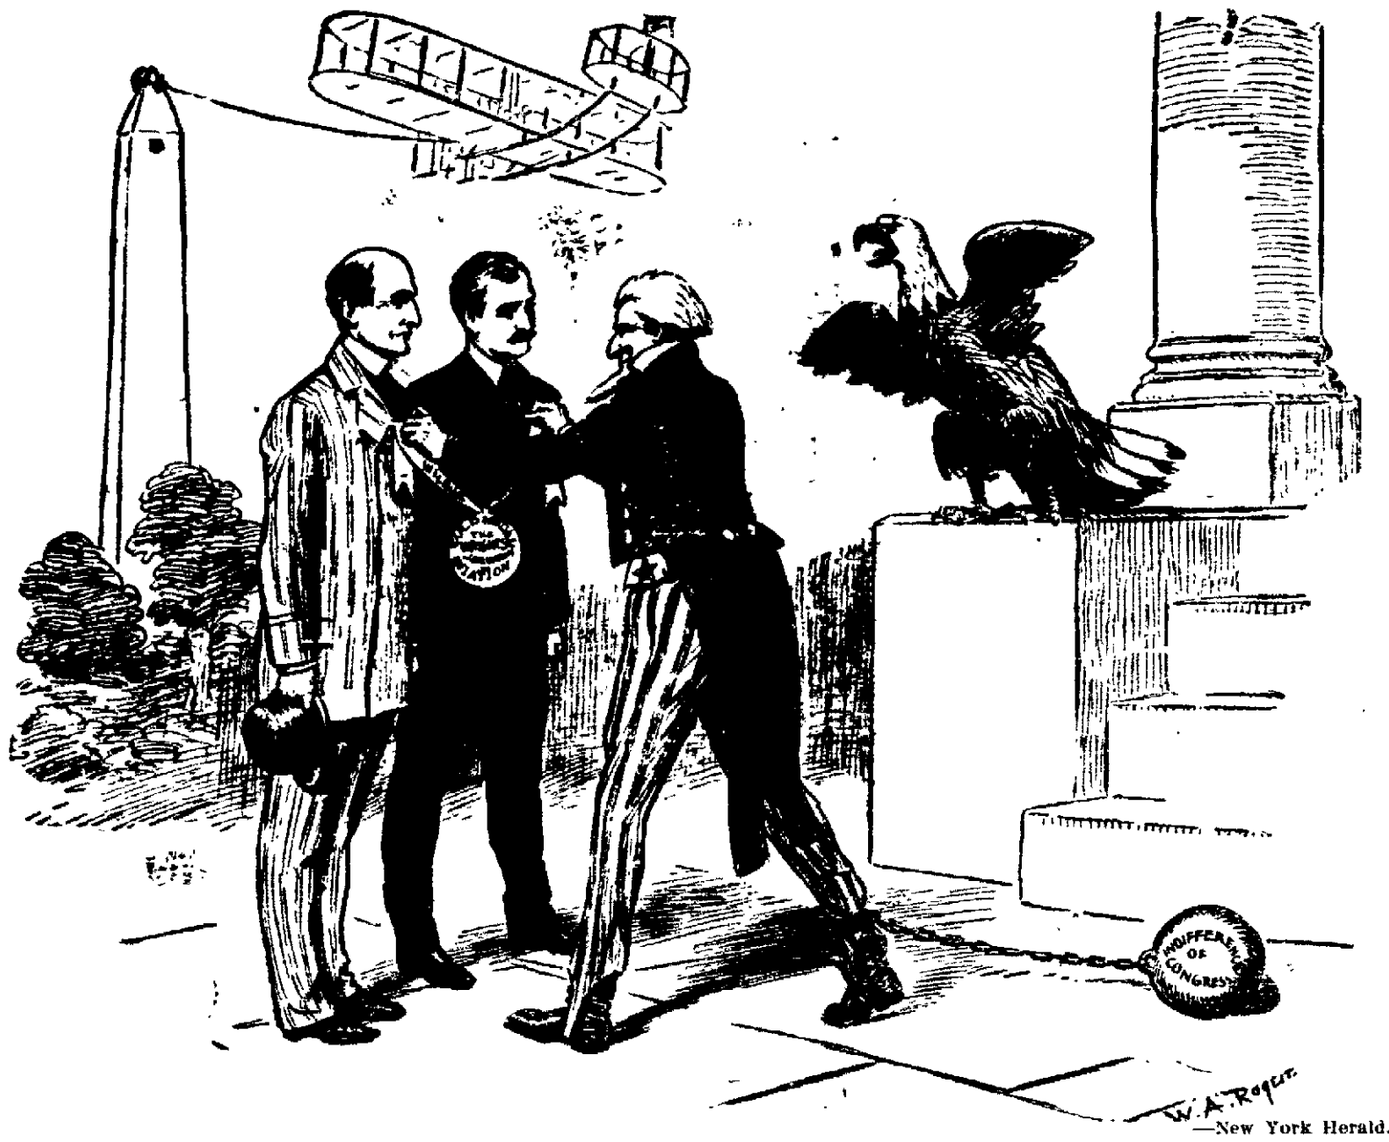

At Canton he was unable to give any account of himself and his identity was established by means of a card in his pocket. Friends will go after him.

HEAD CHOSEN FOR GIRL'S HOME.

Columbus, O., June 17.—The trustees of the Girls' Industrial school, located at Delaware, yesterday elected Dr. S. D. Webb, of Albany, Athens county, superintendent, and his wife matron of the institution.

The trustees met here Tuesday afternoon to consult with Governor Harmon and then went to the home at Delaware to reorganize the institution.

HONORED, IF NOT REWARDED.

BRIDE'S

Father to Give Kosher Dinner to East Side Poor.

New York, June 17.—An unusual wedding will be that of Dr. Isadore Leibowitz and Miss Ethel Karp, next Wednesday afternoon to which 10,000 persons have been invited to the bride's home on the East Side. Preceding the wedding the bride's father will give a Kosher dinner to 400 poor persons of the East Side. Special details of police have been requested to handle the crowds at the wedding and that section of the city expects to witness a most remarkable jollification.

QUEER ANTICS OF WESTERN WIND.

Joplin, Mo., June 17.—During the violent wind storm five miles southwest of Monnet last night the home of Andrew McCormick was demolished, while the family was gathered in prayer. The roof was blown off and Mr. McCormick was blown 125 yards distant and into a pond where his body was found. Five McCormick children ranging in age from 7 to 21 years, were injured, Noel, aged 15, being seriously hurt.

FORTY STAB WOUNDS

Found in Body of Boarding House Keeper for Miners.

DAUGHTER WAS STABBED DOZEN

Times and an Infant Was All Spattered With Blood.

Pottsville, Pa., June 17.—With her skull fractured and forty stab wounds in her body, Mrs. Kate Sperenze and her seven year old daughter, also badly injured, were found dying in their home at Coaldale, near here today. Near them lay an infant spattered with blood from the mother and sister, but not injured. There is no clue as to who made the murderous attack. Mrs. Sperenze keeps a boarding house, all of her ten boarders working in the coal mines. The police are investigating the case and will examine the boarders when they leave the mines late this afternoon. The daughter was stabbed a dozen times and her skull is also fractured. There is no hope for the recovery of the victims.

GIRLS PUT TOWN INTO IDLENESS.

Sebring, O., June 17.—The strike of 140 girl decorators in the Sebring Brothers Pottery plant here has forced to idleness practically the entire town as the only big industry of the place is that of the four brothers who built the town. When the girls who struck Monday refused to accept the terms of the potters Wednesday the plant was shut down and will not be reopened until the middle of July.

BUCYRUS ENJOYS A JAIL DELIVERY.

Bucyrus, O., June 17.—Awakening from their sleep while alone in the jail building, the wife of Sheriff Gerhart and her two daughters rushed down stairs to find that two of the four prisoners had escaped. The jail breakers are Lorie Robinson, burglar and Floyd Myers charged with assault. Myers and Robinson sawed off a bar in the jail and used it to dig a hole through the brick wall. Under threats of death two Russian Jew prisoners, in on a minor charge kept quiet until the two had escaped and then alarmed the house, refusing to accompany the two. No trace of the men has been found.

BANKER MORSE IS OUT ON BAIL.

New York, June 17.—Charles W. Morse, the convicted banker, was released on bail last evening pending the taking up of his appeal in the United States circuit court of appeals next October. For nearly four months Morse will be free. At the end of that time the court of appeals will either order a new trial or affirm the sentence of fifteen years' imprisonment imposed upon the former ice king last November.

The bail bond for $125,000 was signed late yesterday by twenty wealthy friends of Morse, who volunteered for this service several months ago, and Morse quit the custody of the United States Marshal shortly before 6 o'clock.

PANIC IN A BIG TENEMENT HOUSE.

Cincinnati, June 17.—In a fire in a five-story tenement house today 100 panic-stricken occupants were saved through more or less miraculous rescues by firemen. Many jumped from the third floor of the building to the roof of a second-story building, but no one was seriously hurt. Mrs. Nicholas B. Berry ran to a second-story window overlooking the street and, holding her baby, paused for an instant and then dropped the child toward the hundreds of upraised hands. Richard Wheeler, a cattle drover, caught the babe. The mother seeing her babe safe, smiled, and then leaped to the sidewalk, sustaining only slight bruises.

DIRECT TAXES UPON INCOMES.

Washington, June 17.—That "congress shall have power to lay and collect direct taxes upon income without apportionment among the several states according to population," is the subject of an amendment to the constitution proposed in a resolution submitted to the senate today by Senator Brown. The resolution provides for the submission of the question to the legislatures of the several states for their approval as suggested by the president. It was referred to the committee on finance.

Senator McLaurin, of Mississippi, suggested that if the reference to direct taxes was stricken out it would accomplish the object sought and at the same time would permit the levying of other taxes on the same line instead of confining it to income alone.

BETSY BRADY WAS REAL CRAZY.

Fergus Falls, Minn., June 17.—Mrs. Betsy Brady, an insane woman, last night jumped from the rear of a Northern Pacific train.

Another train following the one on which she was on, struck and killed the woman.

LIGHTED CIGAR

IS CREDITED WITH STARTING BLAZE IN HALL

Where State G. A. R. Encampment Was Being Held

THAT BURNED OUT ALL ITS INSIDES.

Organization Compelled to Finish Its Newark Meeting

In Churches and in High School Building of the City.

NEWARK, OHIO, JUNE 17.—FIRE OF UNKNOWN ORIGIN COMPLETELY GUTTED THE HALL IN THE MONUMENTAL BUILDING HERE EARLY TODAY ENTAILING A LOSS OF ABOUT $20,000. THE PUBLIC LIBRARY LOCATED IN THE SAME BUILDING WAS ALSO DAMAGED. THE FIRE WAS DISCOVERED AT 1:45 O'CLOCK.

THE MONUMENTAL HALL WAS THE MEETING PLACE OF THE G. A. R. STATE ENCAMPMENT, WHICH IS HOLDING ITS ENCAMPMENT HERE THIS YEAR AND THAT ORGANIZATION WILL BE COMPELLED TO USE THE CHURCHES AND HIGH SCHOOL BUILDING AS MEETING PLACES. A BIG CAMP FIRE WAS HELD IN THE AUDITORIUM LAST NIGHT AND IT IS PRESUMED THAT A LIGHTED CIGAR CARELESSLY TOSSED AWAY CAUSED THE FIRE.

THE BUILDING WAS ERECTED BY NEWARK TOWNSHIP AS A MONUMENTAL BUILDING.

COMMANDER NEWTON.

Newark, O., June 17.—The drizzling rain did not interfere with this, the last day of the state encampment of the Grand Army of the Republic. The monster parade was held this afternoon and was reviewed by Governor Harmon, and staff.

At the business session, Charles H. Newton, of Marietta, was elected department commander on the first ballot. O. D. Hunt, of Newark, was chosen senior vice commander. The place for the 1910 encampment was not selected.

ENORMOUS LOSS BY FLAMES.

Winnipeg, Man. June 17.—Fire caused a loss of $500,000 at the Great Western Saddle Company's plant early today. Six hundred men are thrown out of employment.

STATE ATTORNEY VS. THE JUDGE.

Columbus, June 17.—The attorney general's department has taken issue with Judge A. S. Blair, of the common pleas court of the third subdivision of the Seventh district, over the question of whether a common pleas judge can parole a prisoner after he has sentenced him to the penitentiary and he has served a part of his term. Judge Blair issued a bench order for the release of Smith Price, serving a term for counterfeiting, and Washington Russell, one year for horse stealing, this afternoon, from Scioto county, on parole. When Warden Jones received the order he at once advised the attorney general, and was advised not to release the prisoners.

LABOR TROUBLES IN NEW ORLEANS.

New York, June 17.—The labor troubles in New Orleans occupied the attention of the council of the American Federation of Labor at a session in this city today.

SAFETY OF EMPEROR

Causes Russian Torpedo Boat to Fire on British Ship.

TWO EMPERORS WILL MEET TODAY

In Secluded Branch of Sea Chosen by Head of Russia.

Viborg, Finland, June 17.—A British steamer has been fired upon by a Russian torpedo boat for approaching too close to shore on the Finnish coast where Emperor Nicholas and Emperor William are to meet today.

The British steamer in question is the Northburg, Captain Robertson. She was hailed and fired upon last night off Wirolahti, Island of Biorke. The projectile from the torpedo boat pierced a steam pipe and one member of the crew of the English vessel was wounded. The incident shows the extreme nervousness for the safety of Emperor Nicholas even at sea. Russian torpedo boats have been patrolling Pitkipas bay, the rendezvous of the two emperors, and it was one of these guard vessels that fired on the British ship.

The German imperial yacht Hohenzollern, with Emperor William on board, was sighted early this morning. The first meeting between their majesties will occur in Patkipas Bay, a secluded branch of the sea that Emperor Nicholas makes the headquarters for his summer cruise.

Helsingfors, June 17.—The German imperial yacht Hohenzollern with Emperor William on board joined the Russian squadron conveying Emperor Nicholas on board the Imperial Yacht Standart at 10 o'clock this morning.

Emperor Nicholas immediately went on board the Hohenzollern and welcomed Emperor William. All the ships present were dressed and manned.

ILLINOIS

Supreme Court Says Scorching Things to the Sunday Violators.

Springfield, Ill., June 17.—A man who keeps a saloon open in this country on Sunday is not fit to be a citizen of the United States, the Illinois supreme court held yesterday. The case was that of the state against Louis Hasley, of East St. Louis, who sought to compel the government to issue naturalization papers to him. His petition was denied. Hasley set up in defense that all other saloon keepers of the city kept open on Sunday, and that the mayor and police sanctioned it, therefore he should not be discriminated against.

The court said: "It is essential to the life of the government that laws be enforced. So long as it is law that saloons shall be closed on Sunday, it shall be enforced."

DAY GIVEN OVER TO SIGHT SEEING.

Buffalo, June 17.—There was no meeting today of the International Association of Chiefs of Police, the day being devoted to pleasure. This morning the visiting delegates with the members of their families were taken for a boat ride around Grand Island on the Niagara river and to Niagara Falls where they were entertained at a luncheon.

The feeling among the delegates appear to be that Major General Sylvester J. Richards, of Washington, D. C., should be elected president.

LAST SCHEDULED FOR THIS YEAR.

Booneville, Ind., June 17.—A local option election is in progress in this Warick county today. The are nineteen saloons in the county. The election is the last scheduled in the state.

MADE MEMBER OF GOLF CLUB.

Norwich, Conn., June 17.—President William H. Taft, who is to be the guest of the city of Norwich, on July 5 and 6 on the occasion of the occasion of the celebration of the 250th anniversary of the founding of the town, has been elected a member of the Norwich Golf club and a letter apprising him of the fact has been forwarded to Washington. Mr Taft will be a personal guest of Winslow T. Williams, of the golf club and it is hoped that the president will be able to play a game over the links while visiting here.

HAVE SEEN LAST OF CHEAP BREAD.

Kingston, R. I., June 17.—"We have seen the last of cheap bread in this country," said Eugene Davenport, dean of the University of Illinois, at Urbana, Ill., at the graduation exercises of Rhode Island State College.

Dean Davenport estimated that in another one hundred years the population of the United States would be 1,400,000,000, or more than 400 to the square mile of territory, and said:

"Anyway you figure it we are near the end of cheap food in this country, which means that the population is beginning to overtake the food supply."

DEAF AND DUMB LEARN TO TALK.

New York, June 17.—Remarkable results of instruction of deaf and dumb pupils in public school No. 47 in this city were demonstrated last night before the parents of the 122 children. Not one of the pupils was able to articulate a syllable at the beginning of the school term. At the exercises yesterday there were fifty who made themselves understood in the assembly hall, some of them reciting pieces of poetry and others delivering orations. Miss Margaret A. Sagan, principal of the school, said the teachers now believe there is no reason why every mute person should not be taught to speak.

MAIL LONG IN WATER BROUGHT UP

New York, June 17.—After six months' hard work under many fathoms of water off Sandy Hook have brought up six bags of first class mail from the Panama steamer Finance, which was sunk there in collision with the White Star liner Georgia No. 27, 1908. When the Finance went down three miles off Sandy Hook, causing the loss of life of three passengers and one member of the crew, her position was such it was not believed that anything aboard could be saved. The government, however, made a contract for the recovery of the mails and since then the contractor has been working day and night.

RELIGIOUS SECT IS OBNOXIOUS ONE.

Hutchinson, Kas., June 17.—An appeal has been made to County Attorney Hellinger to break up a religious sect of 'snake worshippers' at whose meetings women and children are said to have been bitten by poisonous reptiles. The sect has about 25 members who claim themselves to be "the true followers of Christ."

BLACK HAND LEADER STUNG.

Fernie, B. C., June 17.—Joseph Rameira, formerly of Chicago and a leader of the black hand in western Canada who was found guilty recently of black hand practices was sentenced to 14 years in prison last night. With outside aid he escaped from jail two weeks ago but was recaptured.

MORE SERVANT

WITNESSES ON STAND TO PROVE THAT MRS. GOULD

Dallied With the Flowing Bowl to the Verge of Inebriety.

ENOUGH OF THEM HAVE BEEN CALLED

To Keep Salacious Loving Audience on the Qui Vive.

Extra Force of Policemen Called to Hold Eager Crowd Back.

New York, June 17.—The taking of testimony of the servants and employes of the two Gould estates, Castle Gould, at Port Washington, N. Y., and Blue Gap farm in Virginia, was continued today at the trial of the suit of Katherine Clemmon Gould for a separation from her husband, Howard Gould and alimony amounting to $250,000 a year. The defense has called a small army of maids, stablemen, gardeners, clerks, carpenters and other employes to testify to the actions and conduct of Mrs. Gould in an effort to justify Mr. Gould in leaving his wife on account of her alleged addiction to the use of intoxicants, rendering her unfit for household and family duties, according to the husband's contentions. The prospect of a large volume of such testimony yet to be taken and the announcement of Mr. Shearn, Mrs. Gould's lawyer, that he had some fifty witnesses to call in rebuttal led Justice Dowling to order longer sessions of the trial from today with the possibility of night sessions next week. As the trial progresses the crowds of curious people who storm the doors of the court room each day, anxious to get a glimpse of the complainant or her husband, increases. Following the experience of yesterday when the crowd attempted to rush the officers on the doors and the trial was interrupted until the doors could be closed, Justice Dowling today ordered reinforcements to be placed outside of the court room to keep the people away from the doors. Mrs. Gould follows the testimony of her former servants with keen interest, frequently making notes of what they say and coaching her lawyer in the cross examination.

Andrew Jackson, watchman at the Gould castle, in 1906, was the first witness called and declared he saw Mrs. Gould intoxicated on the evening of November 7, 1906.

"I was making the rounds on that night," he said, "and saw a fire in the kitchen house. I went up to a woman who came out of the house and found it was Mrs. Gould. She said something but I did not understand it. I went to the kitchen house and found the straw on the floor ablaze in three places. I put the fire out and went about my duties as watchman of the grounds. She acted as though she had been drinking. Her face was flushed and she talked rapidly and appeared to be under the influence of some intoxicant."

The witness said he saw Mrs. Gould the same night and in his opinion she was intoxicated then.

In endeavoring to get several letters in evidence which Mr. Shearn contended would impeach to credibility of witness Chapman, and which Justice Dowling would not allow admitted, a tilt occurred between opposing counsel which called forth a severe rebuke of Mr. Nicoll by Justice Dowling who requested Mr. Nicoll to apologize.

"This is only a case of black mailing tactics from start to finish, in this suit," shouted Mr. Nicoll, the defendant's counsel, at Mr. Shearn as he was pressing the admission of the letters. Mr. Shearn promptly demanded an apology.

"I don't intend to apologize for any such remarks," said Mr. Nicoll. Justice Dowling said that Mr. Nicoll owed an apology to the court and Mr. Shearn for making such a charge. Mr. Nicoll apologized to the court and said he meant no reflection on Mr Shearn personally but he believed it had been the attitude of others on the otherside to extort money from his client.

GOD

Help Me Was Cry of Builder Who Shot His Wife.

New York, June 17.—"I have just killed my wife; God help me," was the cry with which Wm. Westerville, a prosperous mason and builder of Teaneck, near Hackensack, N. J., rushed into the home of a neighbor today. On the verge of collapse the man led a party of residents to his home where his wife was found lying dead at the foot of her room with a gunshot wound in her neck. Westerville declared he was showing his wife how to handle the double barrel shot gun which she wished to know how to use, when the trigger in some manner was struck the gun exploding and the shot entering his wife's neck and killing her instantly.

BROWN BREAKS

OUT IN SENATE ON THE WOOD PULP QUESTION.

Declares That Industry Needs No Protection by Congress.

CITES FACTS TO PROVE POINT.

Seas and the Inferior Products of the Other Countries

Protect the U. S. Against All the Competition Worth While.

Washington, June 17.—Denouncing as inexcusable and indefensible any proposition of the Finance Committee to increase the low rate fixed by the House bill for the protection of the print paper industry, Senator Brown, of Nebraska, in the senate today declared that that industry needs no protection. These paper mills, he insisted, have an advantage over every foreign print mills whether they are in Scandinavia, Germany or Canada.

"Canada is our only competitor in this market," said Mr. Brown.

"The seas and the inferior product of other countries than Canada protect the mills of the United States against all competition worth mentioning.

"This question depends on the cost of production at home and abroad. If foreigners can manufacture print paper for less than it costs Americans that amendment of the finance committee might find justification. If the fact be, as I shall prove it is, that print paper can be made and is being made at a less cost here than elsewhere, then any duty in any amount is wholly wrong in principle and utterly unendurable and extortionate in practice.

"Canada had an investigation into the subject in 1901. The testimony in that investigation showed that the American mills had an advantage of $5 per ton in the cost of production of print paper. Following that report, the manufacturers of Canada petitioned their government to continue the 25 per cent ad valorem duty on paper importations.

"The statement of the Booth Mills in Canada shows the cost of production to be $54.11 per ton. The testimony before the House Committee shows the cost per ton of the print paper made by the International Paper Co of the United States to be $27.74. Another significant fact shown in the hearings before the House committee is that Western publishers testified that they bought paper from the Booth Mills in Canada and paid the duty and then got it for less than they could have purchased it from the trust.

"Our consul in the province of Quebec reported that the laborers in the Canadian mills receive as high if not higher wages than those in American [illegible] as disputed by the testimony [illegible] the committee [illegible] the [illegible] [illegible] [illegible]

[illegible] news [illegible] 2,44[illegible] [illegible] newspapers and [illegible] employ [illegible] Every one of these newspapers [illegible] the increased rate of paper [illegible] taken [illegible] the last [illegible] years. The print paper mills of 19[illegible] had an annual pay roll of $10,3[illegible] while the pay roll of the newspapers and periodicals [illegible] was $1[illegible]

The testimony before the House committee, said Mr Brown, shows that the International Paper Co [illegible] went into Canada and purchased a large amount of print paper to keep the American publishers from buying and then they parceled out among [illegible] foreign customers. Because of this purchase of foreign paper the [illegible] had too great a supply on hand and was compelled to shut down 24 paper machines, while the surplus was being consumed in American presses. And the protected laborers on these 24 machines were compelled to find other jobs.

Senator Brown entered into a discussion of paper making and the progress that has been made in the manufactures since the discovery that it could be made from wood. The industry has grown and prospered, he said until today American mills produce more than 1,200,000 tons of print paper annually and are able to supply the American market.

Ground wood pulp is made very largely from the spruce tree with a limited amount from the hemlock tree," he said. "The spruce is already nearly exhausted in the United States. Science has not yet discovered any other tree which may be satisfactorily converted into pulp by the grinding process. The domestic consumption of print paper amounts to 1,200,000 tons annually. The total consumption of spruce wood for paper purposes in the United States amounts to 2,700,000 cords per annum. One third of this amount comes from Canada, the remainder from American forests. The government forest service estimates that there are 15,000,000 acres of spruce forests east of the Rocky Mountains. The spruce on the Pacific coast is more valuable for lumber and is used only in limited quantities for paper making. Computing the exhausting of these spruce forests on the basis of present consumption, for paper purposes Forester Pinchot estimates they will be exhausted as follows: Maine's in 28 years, New Hampshire in 25 years, Vermont in 11 years, and New York in 8 years. He also estimates that Minnesota with her great forests of black spruce cannot continue to supply her present output and have any left at the end of nine years. Mr. Pinchot also testifies that it will be impossible to avoid the exhaustion by reforestation for the reason that spruce trees require from 75 to 100 years to reach a diameter of ten inches."

Senator Brown drew the following conclusion at the end of his argument:

"Our pulp wood supply is nearly exhausted.

"The pulp wood supply of Canada is apparently inexhaustible.

"Free pulp would tend to conserve our pulp wood.

"The production cost of print paper is less in the United States than it is in Canada.

"A ton of newsprint paper costs in Canada $29.54 to manufacture in the United States it costs $27.74 per ton.

"The print paper market is controlled in the United States by combination and whatever duty the law may fix will assist the combination in that control, in violation of the law in competition to the injury and outrage of the public.

By reason of such control the cost of print paper to the consumer has been arbitrarily advanced to an unreasonable and unconscionable profit to the manufacturer.

[illegible] valued from from $[illegible] to $4, and $[illegible] per ton [illegible]

The importation of print paper of [illegible] has been negligible.

The proposed duty on pulp and print paper [illegible] not necessary for protection [illegible] not useful for revenue purposes. It is therefore an outlaw duty and should be stricken from this bill.

EFFICIENT SERVICE

Rendered by County Officials Meets With Recognition.

MEN OF SHAWNEE GIVE THANKS

To County Sheriff and His Valuable Force of Assistants.

The Shawnee Township Mutual Protective Association is quick to appreciate any good service done, not to the members as individuals particularly, but to the community as a whole. In no better way can this be accomplished than by the thorough enforcement of the law by those men who are empowered by office to which they were elevated by the voice of the people to take summary justice in many instances.

The splendid work, showing clever ability on the part of the men who have in keeping the county and its residents as far as the law is concerned, which has been done recently by the sheriff, and his deputies and detectives called forth a brilliant tribute to these men. This took the form of a resolution as follows.

Whereas, the efficient work done by Sheriff Van Gunten and Deputies Baxter and Bowersock and County Detective Andrew Earnest, and Prosecuting Attorney B F Welty in capturing and convicting criminals, and securing the return of stolen property from depredations committed in this township deserves the commendation of every good citizen;

Therefore, be it resolved by the Shawnee Township Mutual Protective Association,

First: That our thanks are due and are hereby tendered to these gentlemen, for their prompt action and the thorough and successful work done by them;

Second: That we pledge these officers our hearts support in their further efforts to punish the guilty and extend protection to our citizens.

RICH RED BLOOD

Means Rosy Cheeks, Clear Complexion, Bright Eyes and Plenty of Energy.

What does rich red blood mean? It means brains, vim, ambition, hopefulness, persistence and every thing worth living for.

But you can't have rich red blood if your digestion is imperfect and your digestion is certainly imperfect if you have sour stomach bad taste in mouth, lump of lead after eating, belching of gas and nervous unrest. So far reaching is the effect of indigestion that many times the eyesight is affected.

If you have indigestion or any symptoms of stomach distress or agony, Wm. M. Melville will sell you a mighty remedy for 50 cents, and guarantee it to cure or money back.

The remedy is called Mi-o-na. Its powerful reconstructive action on the stomach is little short of marvelous. It tones up strengthens and puts new life and energy into the worn out stomach in a few days. It cures by removing the cause. If you are a sufferer, try a large 50 cent box. It's a small price to pay for banishing indigestion.

Mi-o-na is sold by Wm. M. Melville, in Lima, for 50 cents a box.

PROBABLY A REALITY

Reopening of Lima College is Promised for Coming Autumn.

JOINT MEETING OF LUTHERANS

Committee and the School Board Will Take Place Next Week.

Once again the subject of Lima College is to the fore. A meeting of the Evangelical Lutheran District Synod of Ohio just closed at Germantown, at which this subject occupied a great deal of the time and attention of the members.

Last December there was a meeting held in the St. Paul's Lutheran church here, called the General Council, at which steps were taken to take over the grounds and property of Lima College and to establish a Lutheran school there. Negotiations with the Progressive Association were regarded by the change of executive committee, the absence of the president, etc. In the meantime the option held by the Association had expired and the property was turned over to the school board of the city. The affair has dragged considerably and many people here had been very much afraid the matter had dropped entirely and the building would stand idle until some industry would make use of it.

The revival of interest is gratifying in the extreme and it is expected that early next week a committee will meet with the school board and some final steps taken in the matter.

As outlined by the District Synod at Germantown, an entirely different body from that in session here last winter, the college will be in control of the Lutherans, but will be open to every one who cares to enter and the board of trustees will be made up in great measure of Lima men, who are not necessarily affiliated with the Lutheran church.

A committee practically the same as that appointed last winter will hasten the work, and this includes Rev F E Cooper, Rev. G. W. Mechling, of Lancaster; Rev. W. A. Beates, of Lancaster; Dr. G. A. Bierdemann, of Toledo; Dr. W. G. Dressler, of Findlay; Rev. V. B. Christie, of Ellerton; J. H. Smith, of Ada; H. A. Mohler, of Middlepoint; D M Fisher and Charles Sprague, of this city, and Hon Gebhart, representative of Montgomery county.

In turn this committee has appointed a sub-committee which is made up of Rev F E Cooper, Chas. Sprague and D M. Fisher. This latter committee will meet with the school board as quickly as the president, Dr. Creps, returns to the city, as he will be absent for a few days.

The work needs to be hastened in order that a good corps of instructors may be engaged for the next year's work, as they hope to commence the work at the opening of the usual college fall term.

The first application of ManZan, the great pile remedy, will almost instantly give relief. Continued use of ManZan for a few days will effect a cure. The tube in which it is put up has a small nozzle attached, so that there is no inconvenience whatever. ManZan is for the cure of any kind of piles. It is sold here by the Red Cross Drug Store.

Visiting Fire Chiefs

---You cannot afford to overlook these Fire Hose Facts.

Eureka Fire Hose bought fourteen years ago by the City of New York, can be seen today in regular use by some of the hardest worked engine companies in the city - in the inflammable paint and dry goods districts.

Eureka Hose has been successfully used for many years in the cold Northwestern cities and towns of the United States and Canada, and even in Alaska without complaint of freezing or undue water absorption.

This proves its adaptability for cold, as well as warm climates.

Eureka Four-Ply High-Pressure Fire Hose

Made of four plies, all woven simultaneously and bound together in a solid homogeneous fabric, Eureka Hose plies are yet so distinct that one or two of them can be entirely worn away or removed without injury to those remaining - leaving an absolutely complete and serviceable two ply lined hose.

No hose whose chief recommendation is price can meet this test. Do you know of any other hose that has such qualities?

We will make this conclusive test for you any day, at our factory in Jersey City, under the supervision of any expert, whether he be fire chief or hose manufacturer.

Couple one section of Eureka Hose with [illegible] tions of every other kind in use. Then [illegible] ister water pressure until the bursting [illegible] reached. Eureka Hose will survive them a[illegible] can safely be put back into service after the test.

Eureka Fire Hose.

Eureka Hose is effectively safeguarded against rot or mildew. The antiseptic process it undergoes is the result of 30 years of study and experiment. And with ordinary Fire Department care, this process insures constant pliability—whether the hose is wet or dry.

Any official specification that does not require a four-ply, circular and solidly woven fabric, with a modern-idea rubber lining, will not secure for you the best hose.

It is false economy to look for quantity rather than quality—and dangerous, also, where fire hose is concerned.

Almost every severe conflagration brings forth new Eureka Hose testimonials in the shape of emergency orders. No greater tribute can be paid to any sort of fire equipment.

On April 13th, an order for 5,000 feet of Eureka Hose was telephoned from Rochester [illegible] part of that city was ablaze. Within twelve hours this hose was delivered and in service.

A week earlier, under like conditions, a similar order came from Fort Worth, Texas, and was filled with equal promptitude and to the [illegible] satisfaction of the citizens and authorities of the community.

There are various reasons why Eureka Hose is not universally used. The only sane one is unfamiliarity with its virtues.

That is why we want you to call at our off[ice]. We want to show you why Eureka is the best hose made.

Don't wait until you are in the market for hose. Come in at any time—you will be cordially welcomed.

BODY OF GEO. HULL

Laid Away in Beautiful Woodlawn Cemetery by Friends.

HIS REMAINS WERE BROUGHT

To Lima at Noon Today and Taken Out to Resting Place.

Encased in a casket covered with flowers, the mortal remains of Hon. George W. Hull, who died suddenly in the St. Charles Hotel in Toledo, Tuesday afternoon were laid away in Woodlawn cemetery this afternoon, shortly after their arrival over the C. H. & D. The final services were conducted by Rev. T. H. Campbel of Trinity M. E. church. They were simple and just as George Hull would have had them had he had the power to direct.

Services were held at the home of Mrs. Hull's niece, Mrs. Frank Killian in Toledo this morning before their departure from there.

Accompanying the remains to Lima were the widow, who has lost port and abandonment. The defender lived, Mr. and Mrs. Frank Killian and son, Mr. George E. Seney and Mr. C. L. Ramsey, of Toledo, and Mrs. Greene, of Ligonier, Ind., a sister of the deceased.

Mr. James Hull, a brother, and his wife joined the funeral party here.

The close friends who acted as pall-bearers in Toledo were Hon. Allen O. Myers, Dr. A. E. Schoble, W. G. Thurston, Jr., George E. Seney, Jno. P. Friend, Jas. J. Mooney, Judge C. T. Johnson, James M. Smith.

Those who fulfilled the same sad duty here were Hon. Wm. Rusler, J. B. Kerr, D. W. Morris, George Feltz, F. E. Baxter, of Lima, and J. F. Shumate, of West Liberty. The Lima arrangements were under the direction of Mr. I. H. Cunningham, an old and personal friend of Mr. Hull and one who fully knew his worth.

Mrs. Pratt Maple has moved from the Cardosi flats to 208 south Pierce street, where Mrs. Maple will continue to do parlor millinery for the best trade.

Just now, "What's the matter with Dayton?"
"She's all Wright."

Yesterday's ball game was of the kind that extracts the baseball germ from the hottest fan, and make an "Old Man Grump" out of everybody unfortunate enough to witness such exhibitions. Umpire Handiboe has not made a favorable impression on local fans, and he didn't add to his popularity yesterday, for he was guilty of some of the rankest decisions ever given by an umpire. No grammar school boy who knows the game at all could have done worse. Another exasperating feature was the Mansfield pitcher, Bucholtz, who, after Mansfield scored three runs in the first inning, to save his team the game sought by every poor and miserable means his mind could invent to delay play until the hour fixed to stop the game.

It was the rankest bit of unsportsman-like play ever seen on the local diamond, and disgusted the fifteen hundred people in the grand stand and on the bleachers. Had the game lasted thirty minutes longer, Bucholtz would have run out of saliva and grown cross-eyed looking for some particular spot on the ball before delivering it. Such child's play should be cut out in a league as good as the Ohio State.

Of Interest to Farmers and Mechanics.

Farmers and mechanics frequently meet with slight accidents and injuries which cause them much annoyance and loss of time. A cut or bruise may be cured in about one-third the time usually required by applying Chamberlain's Liniment as soon as the injury is received. This liniment is also valuable for sprains, soreness of the muscles and rheumatic pains. There is no danger of blood poisoning resulting from an injury when Chamberlain's Liniment is applied before the parts become inflamed and swollen. For sale by all druggists.

BACK TO THE FARM.

There is just one way for the people of the city to find it possible to buy eggs, chickens, meat and flour for less money—that is for some of them to leave the city and go back to raising more hens, more cattle, and growing more wheat. The fact is that the country is getting top-heavy. The cities are calling too heavily on the producing areas. Farming is getting to be one of the most profitable businesses of the country because the proportion of the non-producers is getting so large. It is all a matter of supply and demand. Just now the demand for foodstuffs is larger than it has ever been in proportion to the sup-

WYETH'S SAGE AND SULPHUR HAIR RESTORER

Grew a Full Growth of Hair On a Bald Head

Here's the Proof

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

It was a series of mishaps in the first inning for the locals at San Souci park Wednesday afternoon that allowed the visitors to gain a lead which could not be overcome in the remaining innings of play. The game was not called until four o'clock, owing to the firemen's parade which was not concluded until nearly that hour. The results of the postponement were more than gratifying as the crowd that turned out to watch the Cigarmakers and Tigers battle for honors was equal to last Sunday's crowd, and they were enthusiastic rooters for the locals, but it was Tim Flood's day and everything broke right for the Tigers, even to Handiboe's eye, which occasionally seemed to see nothing but the visiting side of a question. However his work is generally excellent and his "Umps" is entitled to an off day as well as a player.

Meehan the first man to bat grounded one to Newnham, who managed to juggle the ball until the plucky left fielder reached first. Gnadinger bunted to Sykes, who threw Meehan out at second. Smith drove a hot one through third, and the two executed a double steal. Davy then drew a pass, and Flood came up for the only hit he secured in the game and scored the three.

In the fifth, Meehan was lucky again when Weller's wild throw to first gave him the third sack, and he scored on a drive to Fink, the decision being a close one at the plate. In the eighth Bucholz singled Meehan sacrificed, Guadinger singled to short, and the squeeze play was worked, landing another run.

Kaler worked for the locals and pitched an excellent game, but the luck was against him in the first.

In the third, the locals began their work, when Weller knocked a two-bagger and Reilly followed with a single scoring Weller. They could not accomplish anything further until the sixth, error landed Fink on one and a good single to center by Miller scored him. They bunched three hits in the seventh, but close decisions on bases retired the side.

By agreement of the captains, the game was called at 5:45, o'clock in order that the visitors might catch a train and which the eye displayed by the locals in the seventh, the ninth inning might have shown a different story. However, an even break with the second position club isn't bad and no one can criticize the work of the Cigarmakers during the home series.

Bucholz worked for the visitors, and is a star on his delivery, with the exception that he consumes so much time, that it would make an otherwise brilliant game uninteresting. It is not an exception with him, as on previous occasion his slow work has resulted in unfavorable comment locally. The fans like to see a twirler display some energy and spirit and not take the limit of 59 seconds in delivering the ball each time.

The game in detail.

First Inning—Meehan got a life on Newnham's error. Gnadinger landed on fielder's choice and Meehan was caught a second. Smith hit one to third, and the two executed a double steal. Davy walked and Flood put a clean one to deep center, scoring the three. Kettler popped out to Fohl and Biery flew out to Foutz. Three runs.

Fink and Newnham grounded out, Davy to Biery. Miller flew out to Meehan. No runs.

Second Inning—Redman doubled to right field and Bucholz singled to center. Meehan sacrificed. Gnadinger and Smith struck out. No runs.

Foutz flew out to Gnadinger. Fohl flew out to Smith. Sykes popped out to Davy. No runs.

Third Inning—Davy singled to center. Flood got a life on fielder's choice. Davy retiring at second. Flood was caught stealing second. Kettler struck out. No runs.

Weller doubled to center. Reilly singled to left scoring Weller. Kaler sacrificed. Fink grounded out, Davy to Biery. Newnham popped out to Biery. One run.

Fourth Inning—Biery grounded out, Weller to Sykes. Redman popped out to Fink and Bucholz flew out to Newnham. No runs.

Miller flew out to Gnadinger. Foutz landed on Kettler's fumble of a grounder, and was retired at second on Fohl's bunt. Sykes flew out to Gnadinger. No runs.

Fifth Inning—Meehan landed on Weller's wild throw and reached third. Gnadinger flew out to Miller. Smith was hit. Davy drove one to Fink, who failed in an effort to catch Meehan at the plate. Flood grounded out, Weller to Sykes. One run.

Weller was retired on a bunt, Bucholz to Biery. Reilly flew out to Smith. Kaler went out on a bunt, Bucholz to Biery. No runs.

Sixth Inning—Kettler flew out to Reilly. Biery was retired on a line drive, Kaler to Sykes. Redman struck out. No runs.

Fink got a life on Flood's juggle of a grounded one. Newnham grounded out, Kettler to Biery. Miller singled to center scoring Fink. Foutz flew out to Smith and Fohl flew out to Gnadinger. One run.

Seventh Inning—Bucholz singled to left. Meehan sacrificed. Gnadinger singled to short. Smith drove one to Weller who retired Gnadinger at third and made a bad throw to first, scoring Bucholz. Davy landed on fielder's choice Flood popped out to Weller. One run.

Sykes singled, and was retired stealing second Handiboe failing to catch Bucholz's balk. Weller flew out to Gnadinger Reilly singled to center. Kaler singled to left and Reilly was caught at second No runs.

Eighth Inning—Kettler popped out to Fohl. Biery grounded out, Newnham to Sykes. Redman flew out to Foutz. No runs.

Fink flew out to Meehan. Newnham grounded out. Davy to Biery. Miller grounded out, Kettler to Biery. No runs.

WEST MARKET ST.

Bids for Paving Opened at Noon Today With Eleven Bidders.

BOARD WILL NOT BE ABLE TO MAKE

Fortunate Bidder Known Until All Bids Are Averaged Separately.

Bids from eleven firms were opened at 12 o'clock today for the work of re-paving west Market street from Elizabeth street to Cole street.

In a number of cases the bids are quite close, and it will only be after the various estimates on the different parts of the work are averaged that the lowest bidder can be found. It is easy to pick out the man who has the lowest bid on a certain kind of sheet asphalt or asphalt block, but when other matters of curbing, guttering, etc., are taken into account that particular bid may average higher than some other. It is probable that the city engineer will be able to figure up the various bids this evening, so that the award may be announced tomorrow.

Sheet asphalt was the favorite material bid on, while Bitulithic, liquid asphalt and asphalt block were also mentioned; while a new material bid was that of wood block or creosote block.

The various bidders were as follows:

Wm. E McHugh, Springfield, O.
Russell Jameson, Toledo, O.
J. F. Hill, Chicago, Ill.
Lima Construction Co., Lima, O.
Andrews Asphalt Paving Co., Hamilton, O
J. A. Shoup & Co., Dayton, O.

UNLUCKY THIRTEEN

Raid Made on the Murray Resort by Police Thursday Night.

AUTO DRIVERS WERE ARRESTED.

Officer Moore Landed Alleged Pickpocket Behind the Bars.

There are many people who consider the number "13" a hoodoo, and a number of young men who were caught in the resort conducted by Emma Murray, in the old Harrison theater building on north Central avenue. Emma Murray was charged with conducting a house for immoral purposes. Lillian Jordan, Mable Wilson, Laura McGraw, Eva Patterson and eight young men, will have to answer to the charge of resorting to the same, the total number of defendants being thirteen

Auto Drivers.

Fay Marvin, of Findlay, who failed to heed Deputy Sheriff Baxter Wednesday afternoon, when ordered to keep off of Main street with his automobile, during the parade, entered a plea of guilty to the charge of disorderly conduct and was fined $5 and costs.

G. C. Schennell and Walter McDerment, of Wapakoneta, were arrested on north Main street Wednesday evening, on the charge of running an automobile without a light. The offenders were speeding up the street and failed to heed the call of Sheriff Vangunten and Officer Conway, who waited until they made a return trip, when it was necessary for the officers to level their guns at the men to get them to stop. When arraigned this morning, the mayor gave them a good lecture and dismissed the cases.

Thursday afternoon Officer Lawrence Moore arrested Harry Hill at the C., H. & D. depot on the charge of pocket picking. It is claimed that the defendant was seen to go through the pockets of A. Ditley, a traveling salesman, who filed an affidavit against him. Attorney W. H. Leete represented the defendant who entered a plea of not guilty. Officer Moore claims that he caught the offender in the act.

Seven Drunks.

Seven drunks were arraigned Thursday morning, six of whom entered a plea of guilty and were assessed $1 and costs. The seventh plead not guilty and will have a hearing Friday morning.

Clarence McBride arraigned on the charge of disorderly conduct, entered a plea of guilty and was fined $1 and costs.

Suspicion.

Arthur Gleason and Ed Alexander were arrested Thursday morning at an early hour and are held on suspicion.

Affidavit Filed.

Mrs. Laura Gardner appeared in police court Thursday morning and filed an affidavit against her husband Orville, charging assault. Gardner entered the home of his wife Wednesday morning and committed an assault by cutting her left hand with a pocket knife He made good his escape, but an effort will be made to locate him.

For Fighting.

Detective Reed and Officer Sutherland arrested John Bailey, George Casey, G W Ketcham and Frank Greenwood Thursday morning on the charge of fighting. It apears that Greenwood struck Casey while they were standing in front of the Lima Telephone store room on north Central avenue, whereupon Bailey and Ketcham gave chase to Greenwood The officers got a glimpse of the fight and also entered in the chase which resulted in the four being placed behind the bars to explain to the mayor Friday morning.

Two Touched.

William Schaffer, of Indianapolis, reported to the police headquarters Wednesday evening that he had been touched for his diamond stud. He stated that he came from Ottawa on the traction line, and that as he was about to leave the car in this city, two men brushed against him, in pretended haste to leave the car He is of the opinion that one of them committed the theft.

J. M. Bailey, of 635 east Kibby street, reported that he was touched for his pocketbook in the crowds Wednesday. The purse contained $1 in change and a check for $11.65, signed by I. N. Bedford.

DON'T BE THIN.

No Need of Being Scrawny, Weak and Emaciated.

In these days of physical culture and health foods one would hardly expect to see any thin weak, emaciated people but in spite of all this, nearly every person you meet is thin and scrawny

Good healthy flesh can only be gained by the use of the proper food with thorough assimilation of the fat giving elements. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy should use Samose, the great flesh-forming food. Weigh yourself before commencing to use these little tablets, and see how your weight increases

Samose has valuable flesh-forming and tissue building properties, and when it is assimilated with the food it causes the flesh-making elements to be retained and the weight is naturally increased.

Wm. M Melville, the popular druggist, has sold in the last few weeks, a great many packages of Samose, every one with his personal guarantee to refund the money if it did not give satisfaction, and has had but one person ask for the money back. Just think of it; only one who used Samose found that it failed to give a satisfactory increase in flesh and plumpness! You run no risk whatever in buying Samose. If you are not perfectly satisfied with the results, Wm. M. Melville will return your money. Sent postpaid on receipt of price, 50c. june 10-17

PROGRESS IS SLOW

In the Case of the Braderick Damage Case Now on Trial.

HUSBAND HELD FOR NON-SUPPORT

Of Wife and Children Now in Hands of Infirmary Board.

The damage case of Braderick against the East Iron and Machine Company, which came to trial Wednesday morning is progressing slowly, the entire first day being consumed in securing a jury. The taking of evidence was begun Thursday morning, and it is probable that the trial will not be concluded before Monday.

Husband Held.

William Tracy was arrested by Humane Officer Smiley Wednesday evening on the charge of non-support and abandonment. The defendant was arraigned in Dempster's court and entered a plea of not guilty, the case being set for trial next Wednesday. The wife of the defendant was brought to the county infirmary from Columbus several weeks ago by Directors Bowersock and Crider, since which time she gave birth to twin boys. It is claimed that, although able to do so, the defendant has failed to make an effort toward supporting the mother and children.

WANTED—A RIDER AGENT

NO MONEY REQUIRED until you receive and approve of your bicycle.

FACTORY PRICES

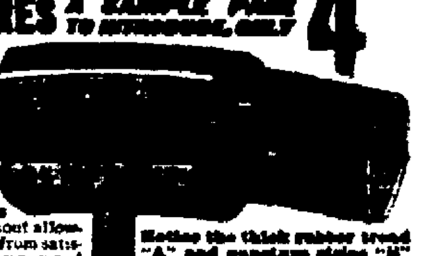

YOU WILL BE ASTONISHED

BICYCLE DEALERS, you can sell our bicycles under your own name plate at double our prices. Orders filled the day received.

SECOND HAND BICYCLES. We do not regularly handle second hand bicycles, but usually have a number on hand taken in trade by our Chicago retail stores. These we clear out promptly at prices ranging from $3 to $8 or $10. Descriptive bargain lists mailed free.

COASTER-BRAKES, single wheels, imported roller chains and pedals, parts, repairs and equipment of all kinds at half the usual retail prices.

$8.50 HEDGETHORN PUNCTURE-PROOF SELF-HEALING TIRES A SAMPLE PAIR TO INTRODUCE, ONLY $4.80

The regular retail price of these tires is $8.50 per pair, but to introduce we will sell you a sample pair for $4.80 (cash with order $4.55).

NO MORE TROUBLE FROM PUNCTURES

NAILS, Tacks or Glass will not let the air out. Sixty thousand pairs sold last year. Over two hundred thousand pairs now in use.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. The regular price of these tires is $8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only $4.80 per pair. All orders shipped same day letter is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

Notice the thick rubber tread "A" and puncture strips "B" and "D," also rim strip "H" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.

We will allow a cash discount of 5 per cent (thereby making the price $4.55 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. You run no risk in sending us an order as the tires may be returned at OUR expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a trial order at once, hence this remarkable tire offer.

IF YOU NEED TIRES don't buy any kind at any price until you send for a pair of Hedgethorn Puncture-Proof tires on approval and trial at the special introductory price quoted above; or write for our big Tire and Sundry Catalogue which describes and quotes all makes and kinds of tires at about half the usual prices.

DO NOT WAIT but write us a postal today. DO NOT THINK OF BUYING a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.

WEATHER—SHOWERS AND COOLER.

Washington, June 17.—Ohio: Showers and cooler tonight; Friday fair, cooler in the east portion.

Perhaps nothing is being said about postal savings banks now because the kind of prosperity we had within 60 days after the election of Mr Taft, and have had ever since, creates no special need for them.

SANITY AND SAFETY.

Before leaving for Europe "My Dear Mr" Harriman said that "the business of the country is now on a very substantial basis' and that "as far as the mental attitude of the public is concerned we are on a saner basis today than we were in 1907"

Great guns, Edward, that's the way it ought to be But while you're abroad keep at a safe distance from the African jungles There's nothing to indicate that conditions in the jungle just now are either saner or safer for a "practical man" than in 1907.

ROGERS SACRIFICED.

It leaks out from inner circles that when Rogers was removed by the governor he went to Republican headquarters for counsel and advice as to the best way to carry out his frequent boast that he would resist removal but was turned down cold by Phipps and the bunch" because they did not want to intensify prejudice against Phipps and the rest of the lap-overs who want to hang on as long as possible So Rogers was sacrificed to save Phipps and the other hangers-on if possible

LUST FOR OFFICE.

Of course it wasn't lust for office' that induced the republican majority of the state senate to confirm by a strict party vote the lap-over appointments of Governor Harris as the very first act of a special session which began a week before the inauguration of Governor Harmon That act must be set down to a patriotic purpose, (from a partisan standpoint), to embarrass the administration of one of the foremost democrats in the nation, who once filled the high office of attorney general for all the people of the United States with distinguished honor and fidelity and whose broad statesmanship levels up far above the plane of petty politics

Of course it wasn't lust for office" that animated the retiring governor in calling that special session for the last week of his administration so that, although the people had voted him into retirement, his appointees could be fastened like barnacles upon the administration of the people's choice for governor That doubtless should be set down to the same "patriotic purpose" from a partisan standpoint

Of course it isn't "lust for office that induces these lap-overs to hang on ever after being asked to resign for good cause, and to resist removal until new locks have to be put on the doors, oh no, it isn't lust for office It is more of that 'patriotic purpose (from a partisan standpoint) to hamper the administration of a statesman who stands as high above them as the Collosus of Rhodes would have towered above the fabled pygmies of Lilliput

The people of Ohio understand the shriek about lust for office that goes up from the throats of the hungry hangers-on and their sympathisers, and they're going to make it "Harmon and a clean sweep next time"

For the people of Ohio after a long period of machine manipulation and boss dictation of political affairs have acquired a lust for clean honest and decent administration in public office that will not be satisfied until they have more of it Their next opportunity in this state will be in November next year

The state ticket named by the gang in Pennsylvania Wednesday is of the usual [illegible] variety

It is all [illegible] part of the play for the liquor interests to urge the claim that [illegible] business is not genuine and that it is waning It is perhaps comforting to them to even imagine this [illegible]

[illegible] but the truth is that at this very moment to whole [illegible] business [illegible] which [illegible] [illegible]

PROPOSE TO GET EVEN

It has been hinted that the republican legislature will be asked to pass a law this winter putting a limit on expenditures of the fire marshal's office to get even with Gov Harmon for removing W S Rogers

Let them go ahead and do it By so doing they will confirm the governor's reason for removing Rogers

To fix such a limit will be a confession that any amount above that limit levied on fire insurance companies for the maintenance of the department will be an injustice to the policy holders The tax to keep up this department is calculated on an estimate of reasonable expenditure and although it is paid by the fire insurance companies as an assessment upon their premiums it comes ultimately out of the pockets of policy holders who pay the premiums just as the tariff for support of the national government comes out of the pockets of the ultimate consumer It is for this reason that the honest policy holder is equally interested with his insurance company in the economic and efficient administration of this office

Now if the republican legislature were to put a limit on the fire marshal's expenses to spite Governor Harmon and were to put the limit anywhere below the receipts of the office, it will convict former republican legislatures of an extortionate levy upon the policy holders of fire insurance companies And whom do you suppose, will that spite? It will spite the fire insurance companies and the hundreds of thousands of their policy holders in Ohio and it will further convince them that Gov Harmon did exactly the right thing when he cleaned out the fire marshal's office

For Rogers, in the one year he served as fire marshal had raised salaries and put political pets on the pay roll as 'secret service men' and "special counsel' until more than half the receipts were consumed in the first five months of the current year. At such a rate of extravagance there would have been a big deficit at the end of the year What makes such extravagance inexcusable by comparison is that there were fewer convictions than were obtained with less expenditure when D S Cramer was fire marshal Creamer is the man Gov Harris turned out of office to give Rogers the place

The legislature might ordain by statute that the fire marshal's expenditures shall not exceed the receipts of the office No such restriction, however, was needed when this office was under democratic control before, and will not be needed by Mr Zuber the present fire marshal The people of Ohio are familiar with the fact that when Creamer was fire marshal more firebugs were ferreted out and convicted than during any two preceding years since the office was created all expenses of the office were paid and an unexpended balance of over $11 000 was paid into the state treasury

Mr Zuber cut off the "secret service" and "special counsel" supernumeraries on the Rogers pay roll and reduced inflated salaries to the scale paid when Creamer was fire marshal He must conduct the office during the next seven months on less than Rogers paid out during the past five months and he will do it without brakes being set on him by a republican legislature

If the legislature puts on the brakes it will be an additional rebuke to Rogers and further corroboration of the governor's charges of extravagance and inefficiency If it doesn't, the reason will be self-evident.

ADMITS HOODWINK.

Recently there was a prohibition election in Cass county, Indiana The wets won, promising that if they were given an opportunity they would make the business respectable, obey the law and keep down the number of drinking places Hardly, however, were the ballots counted before these agreements were violated One of the most effective workers for the wets in the campaign was Hon Rufus Magee, of Logansport Now he is their enemy In a bitter speech addressed to the liquor men he said

I've been double-crossed You fellows told me that if I would get out and use my influence in the interest of the "wets' you would join with the business men and compel the saloonists to obey the law You promised that you would see that only men of good moral character, only men who would conduct a saloon in strict accordance with the law, would continue in the business You fellows pledged me your word of honor that you would do everything to assist the Logansport Business Men's association in keeping objectionable men out of the saloon business You've broken it you've double-crossed me

"Those who wonder, says the Indianapolis News, 'why county after county in this state is voting to eliminate the saloon can find their answer in Mr Magee's experience The saloon men do not keep their word, they violate the law and they thrust saloons upon localities where they are not wanted '

UNTIL IN JULY

HARRY K. THAW MUST STAY IN ASYLUM AT MATTEWAN

Before the Court Will Hear Arguments as to His Sanity.

HIS MOTHER COLLAPSED

When an Unfriendly Decision Was Handed Out to Harry.

The Degenerate Does Not Like to Turn in at 8 O'clock.

White Plains, N Y, June 17 —Harry K Thaw will have to wait in the Mattewan asylum until July 6 for a hearing to determine whether he is now sane and in a condition to be released from the asylum The case came up before Justice Mills here today on a writ of habeas corpus obtained by Thaw Thaw's counsel, Charles Morschauser, wanted to go on with the hearing but Mr Clark, a representative of the attorney general wanted to have the case transferred to New York county and District Attorney Jerome, of New York, asked that the hearing be postponed in order to give him an opportunity to attend to other business Justice Mills decided that the hearing would be held in White Plains

It was asked that Thaw be kept in the jail of either West Chester, of Dutchess county until the hearing, but the justice declined to grant this Justice Mills, however, ordered Dr Baker of the asylum to permit Thaw to stay until 9 o'clock at night on the representation of Thaw's counsel that he was compelled to go to bed at 8 p m, and that this was too early

Mr Morschauser declared that District Attorney Jerome was unnecessarily hounding Thaw and that the asylum authorities were unnecessarily antagonistic He said that all newspapers were taken from him and that his counsel was not permitted to consult him alone but in the presence of other inmates

Thaw's mother, Mrs Thaw, his sister, the Countess of Yarmouth, and his two brothers were in the court room When the justice announced his decision to delay the hearing Harry's mother collapsed She shook as though seized with a chill and her daughter called out for a drink of water saying that she was faint Mrs Thaw was unable to walk without help and Harry Thaw assisted her to retire to an ante-room and remained there with her for a short time

Business Session.

Without any opposition Ottawa was decided as the next meeting place for the Volunteer Firemens Association The question of entertainment each year of this mammoth crowd is one that is not easily determined The fact that it has been the custom to allow each voting and each delegate 25 cents for meals also for lodging and the additional fact that the number runs from two to three thousand made the cost of entertainment an item that loomed up to mammoth proportions in the eyes of the small towns which compose the association

In the business session yesterday it was decided that a slight change be made and in the future the delegations alone and bands will be allowed the amount specified for board and lodging the remainder paying their own expenses after their arrival as in no instance the railway fare paid by the town from which they came

J H Goeing representing Ottawa then made a formal address of invitation which was accepted by the delegations without further parley

The re-election of the officers who have so splendidly carried on the work for the past two years was made without a dissenting voice These are Pres F I Runnion Van Wert president Harry Nagle, Wapakoneta vice president F W Zerman, Wauseon treasurer C W Baum, Spencerville and secretary, Henry J Schultz and treasurer

And the address of Mayor Fox to the President Runnion pro tem yesterday no set speeches were made Mr J W Fisher of Defiance and Timothy Shroyer of Lima gave some entertaining talks in regard to the founding of the association and the work done by it since its inception in 1874 when it met at Ada with twenty members

Resolutions were passed thanking the city for her hospitality as follows

Lima O, June 16 1909

Whereas the all wise Creator in His divine providence has permitted the members of the Northwestern Ohio Volunteer Firemens Association again assemble in convention for the 36th time therefore be it

Resolved That we as an association give thanks to Him, the ruler of all things for the beautiful scenes and pleasant weather which gladdens the hearts of all human beings and for being permitted to meet with the good citizens of Lima under the auspices of the Lima Progressive Association

Be it resolved that we congratulate the Lima Firemen citizens and Progressive Association for their beautiful decorations and hospitality, and become the old time Firemen and association for the loyal re-

OPINION OF JUDGES

In Suit Brought by Prosecutor for Collection of Interest

FROM THE OHIO NATIONAL BANK.

Circuit Court Dismissed Petition and Found Nothing Due.

Among the cases decided by the circuit court in session here Tuesday was that of the State of Ohio ex rel, B F Welty, prosecuting attorney of Allen County, against the Ohio National Bank, (now the Old National Bank, of Lima,) which was appealed from the decision of the common pleas court. The suit was for an accounting for public moneys which were on deposit in the bank, and from the decision of the circuit judges, the petition has been dismissed and finding for the bank recorded The opinion follows

Before Hons Silas E Hurin, G J, M Donnelly and W. H Kinder, J J Donnelly, J

This is an action for an accounting

The petition in substance says, after stating the official capacity of the plaintiff and the corporate life of the defendant that at numerous times between the first Monday in September, 1888, and the 9th day of May 1905, the defendant, without warrant of law, obtained possession of public moneys of Allen County, Ohio, knowing that said money was public money of said county. That said defendant unlawfully withheld said public money from the treasurer of said county for said time That the defendant mingled said public money with other money in its possession and used said public money in its banking business and thereby obtained large profits therefrom, but is unable to state what profits the defendant made out of said money That there is due from the defendant to Allen County Ohio as damages, six per cent on the money so held by said defendant etc and asks for an accounting and judgment, etc

The answer is a general denial and plea of the statute of limitations Upon these issues the question was submitted to the court of common pleas upon the evidence, which resulted in a judgment for plaintiff In due time an appeal was perfected in this court The case is now submitted to us upon the evidence and exhibits

It appears from the evidence that the several treasurers of Allen county had been in the habit of receiving checks of individuals in payment of taxes due on property in Allen County, Ohio Part of the checks were from people upon banks outside of Lima, Ohio, and part were from people upon banks in Lima Ohio The treasurer's office is located in Lima Ohio The several county treasurers were in the habit of depositing said checks in banks in Lima, Ohio, the defendant being one of them, for collection and giving in return therefor to such treasurers demand certificates of deposit No cash was ever deposited by any treasurer The money on such certificates was turned over to such treasurers whenever called for

We have carefully read the record and the evidence and do not find that said defendant made any money out of the transactions There seems to have been nothing done out of the ordinary course of business The sum and substance of it all is that it operated as a great convenience to the public it is and has been the general custom as far as I know for a great many people living either at the county seat or away from it to pay their taxes by check in the usual course of business and the county treasurers taking advantage of the facilities and good offices of the defendant to collect the money on said checks which was done

There is no substance in the claim of the plaintiff in this case and his petition is therefore dismissed at the costs of the plaintiff, judgment and remanded to the court of common pleas for execution

WITHDREW

From Case Because Hearings Were in Secret.

East St. Louis, June 17.—An official investigation of the charges against the government meat inspection system at the National Stock Yards here was begun today by a board selected by Secretary of Agriculture Wilson headed by Dr. A. D. Melvin, chief of the bureau of animal industry. The sessions were behind closed doors. The officials issued a statement regarding the inquiry just before the first session commenced.

J. F. Harms, the former inspector, who brought the charge that caused the investigation withdrew from the case when he was informed that the hearings would be held behind closed doors.

About the last call on the F. B. Hover Shoe stock; only 17 days more to share these superior shoe savings. The large shoe sale draws near the end; we have again remodeled the prices. Now we are pricing them below the manufacturer's cost to produce. We cannot keep on giving bargains like these, we cannot sell more shoes than the F. B. Hover Shoe Company carried in stock at these prices, and the store is to be torn down as soon as this sale ends. There was a big stock of these shoes, $20,000 worth, about one-half of these have been sold, but good assortment yet remains. Haste is necessary if you would share in these last unequalled prices. Odd lots and badly broken lines have been re-assembled in special bargain lots and on special bargain tables; prices of these are about one-half the usual price. The values are truly wonderful. PRETTY WEDDING

Took Place at St. Rose This Morning.

This morning at 8 o'clock the marriage of Miss Anna Stein daughter of Mrs Catherine Stein and Mr John Wilhelm was celebrated at St Rose church

A large crowd of friends and relatives attended the beautiful service which was the high nuptial mass and the music was rendered by the large choir with Mr. James Weadock as leader

A wedding breakfast followed at the home of the brides mother on west McKibben street, and this was partaken of by only the near relatives The bride was gowned in a handsome robe of embroidered batiste, and wore a large white picture hat while he carried a white prayer book

After a short wedding trip Mr Wilhelm and his bride will reside on west McKibben street The groom is a member of the grocery firm of Wilhelm & Stein of the north end

There was a special meeting of the city council held last night to consider the ordinance drafted by the board of public service making an extra appropriation of $900 for the payment of bills in the street cleaning department This ordinance was read the first time at the meeting on Monday night but the motion to suspend the rules was voted down The special meeting was then called to take action on this question and every member was present The first motion to suspend the rules and pass the ordinance was lost but after a spirited talk by Councilman Safer on the rights of the workingmen who were being kept out of their rightful pay the motion was reconsidered and passed without a dissenting vote.

WOOD PAVEMENT UNSATISFACTORY

Philadelphia is having spasms of enthusiasm over paving the streets with wood blocks The advantage of these over stone and even over asphalt is expatiated upon at length and the opinion seems to be general in the Quaker City that the acme of desirability will be obtained when the wood block pavement is laid

Perhaps there is a modern method of employing wood blocks by which they are treated chemically to resist moisture and disintegration but unless this is true the experience of Scranton has not been such as to encourage any other city to adopt this medium of pavement The kind which was composed of blocks sawed laterally from timber and thus supposed to be better adapted to durability soon became broken splintered and unsafe for man or beast to cross They were a catch all for filth and then condition become most unsanitary long before it was supposed to be necessary to replace them with something else There was no thought of using wood again for this replacing after the first years experience was ended It was altogether a failure and could never be recommended to any other city The only real advantage and that might be an inducement on a residence street was the comparative noiselessness of the wood pavement It was certainly very agreeable in that respect and in a city where Belgian block vitrified brick or other excessively hard substances had been used the change would no doubt be welcomed If wearing qualities were to be considered however and as a rule durability is the main requisite almost anything else should be chosen in preference Scranton Republican

Defiance Man Fell from Ranks in Parade.

Yesterday afternoon while the parade was passing at the corner of North and Baxter streets, a man fell to the ground and Whitley's ambulance was called and conveyed him to the office of Dr Pfeiffer

The man was placed on the operating table and for a time the attending physicians thought that he would expire before regaining consciousness. Finally he revived after lying for a couple of hours in a state of coma, and said that he was subject to similar attacks, but that this was the worst he ever had He gave his name as William Bechtol, of Defiance, a veteran fireman, having been in the service for more than thirty years

He was anxious to take part in the parade, but the heat and excitement was too much as he is well past fifty years of age and not as rugged as he used to be He was able to be taken to the ten o clock train last night, and accompanied by friends made the trip back to Defiance without injury His trouble is an organic heart affection.

WORD LIBERTY

SOMETIMES A FOOLER OF FOLKS SAYS TEDDY

In His Thraldom of Names in Last Edition of Outlook.

IS ESSENTIAL THAT CONTROL

Of Government Should be Wrested from Hands of Rich.

Dollar a Word Lecture From the Jungles of Africa.

New York, June 17.—Discussion of the political problems confronting the country through the development of power by large corporations is made in vigorous language by ex-President Roosevelt in his article in this week's Outlook. Taking for his subject "The Thraldom of Names," Mr. Roosevelt says it behooves our people never to be misled by designing people who appeal to the reverence for or antipathy toward a given name in order to achieve some alien purpose. The rule of a mob, he declares, may be as tyrannical and oppressive as the rule of a single individual, and the rule of an oligarchy, whether this oligarchy is a plutocracy or a bureaucracy may be as sordid and blood-thirsty as that of a mob, but the mob leaders usually state that all that they are doing is necessary in order to advance the cause of "Liberty," while the dictator and oligarchy are usually defended upon the ground that the course they follow is absolutely necessary so as to secure "order."

"Many excellent people are taken in by the use of the word 'liberty' at the one time," says the ex-president, "and the use of the word 'order' at the other and ignore the simple fact that despotism is despotism, tyranny tyranny, oppression oppression, whether committed by one individual or by many individuals, by a state or by a private corporation. All forms of tyranny and cruelty must alike be condemned by honest men.

"We in this country have been very fortunate. Thanks to the teaching and the practice of the men whom we must revere as leaders, of the men like Washington and Lincoln, we have hitherto escaped the twin gulfs of despotism and mob rule, and we have never been in any danger from the worst forms of religious bitterness. But we should therefore be all the more careful, as we deal with our industrial and social problems, not to fall into mistakes similar to those which have brought lasting disaster on less fortunately situated peoples.

"First and foremost, we must stand firmly on a basis of good sound ethics. We intend to do what is right for the ample and sufficient reason that it is right. If business is hurt by the stern exposure of crookedness and the result of efforts to punish the crooked men, then business must be hurt, even though good men are involved in the hurting, until it so adjusts itself that it is possible to prosecute wrongdoing without stapeding the business community into a terro struck defense of the wrongdoers and an angry assault upon those who have exposed them. On the other hand, we must beware, above all things, of being misled by wicked or foolish men who would condone homicide and violence, and apologize for the dynamiter and the assassin because, forsooth, they choose to take the ground that crime is no crime if the wicked man happens also to have been a shiftless and unthrifty or lazy man who has ever amassed property. It is essential that we should wrest the control of the government out of the hands of rich men who use it for unhealthy purposes, and should keep it out of their hands, and to this end the first requisite is to provide means adequately to deal with corporations which are essential to modern business but which under the decisions of the courts and because of the short sightedness of the public have become the chief factors in political and business debasement. But it would be just as bad to put the control of the government into the hands of demagogues and visionaries who seek to pander to ignorance and prejudice by penalizing thrift and business enterprise and ruining all men of means with as an attendant result the ruin of the entire community."

Mr. Roosevelt quote an article by Stevens, an English journalist, on conditions in the United States, written in 1896, in which it was declared that if individualism is left absolutely uncontrolled as a modern business condition, the result would follow that all power of individual achievement and individual effort in the average man will be crushed out just as effectively as in the state book absolute control of everything. On this line Mr. Roosevelt continues as follows:

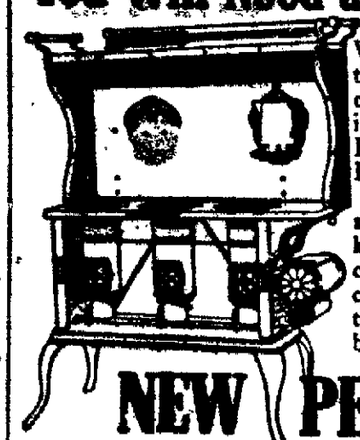

"Those who advocate total lack of regulation, those who advocate lawlessness in the business world, themselves give the strongest impulse to what I believe would be the deadening movement towards state socialism.

"There must be law to control the big man, and therefore especially the big corporations, in the industrial world, in the interest of our industrial democracy of today. This law must be efficient, and therefore it must be administered by executive officers, and not by law suits in the courts. If this is not done, the agitation to increase out of all measure the share of the government in this work will receive an enormous impetus. The movement for government control of the great business corporations is no more a movement against liberty than a movement to put a stop to violence is a movement against liberty. The huge irresponsible corporation which demands liberty from the supervision of government agents stands on the same grounds as the less dangerous criminal of the streets who wishes liberty from police interference."

The ex-president closes with a direct reference to newspapers.

"Yet another thing," he says. "No movement ever has done or ever will do good in this country where assault is made not upon evil wherever found, but simply upon evil as it happens to be found in a particular class. The big newspaper, owned or controlled in Wall street, which is everlastingly preaching about the iniquity of laboring men, which is quite willing to hound politicians for their misdeeds, but which with raving fury defends all the malefactors of great wealth, stands on an exact level with and neither above nor below, that other newspaper whose whole attack is upon men of wealth, which declines to condemn, or else condemns in apologetic, perfunctory and wholly inefficient manner, outrages committed by labor. This latter is the kind of paper which by torrents of foul abuse seeks to stir up a bitter class hatred against every man of means simply because he is a man of means, against every man of wealth, whether he is an honest man who by industry and ability has honorably won his wealth, and who honorably spends it, or a man who wealth represents robbery and whose life represents either profligacy, or at best an inane, useless, and tasteless extravagance. This country can not afford to let its conscience grow warped and twisted, as it must grow if it takes either one of these two position. We must draw the line, not on wealth nor on poverty, but on conduct. We must stand for the good citizen because he is a good citizen. Whether he be rich or whether he be poor, and we must mercilessly attack the man who does evil, wholly without regard to whether the evil is done in high or low places, whether it takes the form of homicidal violence among members of a federation of miners, or of unscrupulous craft and gree in the head of some great Wall street corporation."

THE MARKETS.

New York, June 17. Opening prices of stocks today tended downward. Advances of ⅛ in New York Central and Chesapeake & Ohio were the only important exceptions. The copper industrials were under special pressure Anaconda losing 1⅝ and Amal copper 1¼. Rock Island Canadian Pacific, Brooklyn Transit and Allis-Chalmers pfd also were down large fractions.

The market closed rather unsettled and irregular. The rallies caused by short coverings ran to 2¼ in American Smelting, and Reading, and various other stocks. Selling was renewed in the late dealings and prices ran off again sharply.

Going, Going Down.

Chicago, June 17.—Relatively strong cables were a strength in the wheat market today but the downward trend was resumed early in the session owing to renewed selling of a general character. During the first half hour of trading prices declined about ½c from yesterday's closing level. Weakness of the three northwestern markets, where prices were off approximately 1 cent was the chief cause for the fall. After selling at $1.14⅞@1.15, the July option dropped to $1.13⅝.

Rains in sections of the corn belt prompted some buying of corn by shorts. July opened unchanged to ¼c higher at 71¼c to 71½c and for a time held within the opening range.

Oats were inclined to follow the course of other grain. July, which opened ⅛c higher at 50¼c, sold off to 50 during the day.

Provisions were firm owing to a falling off in live hogs at western packing centers. Prices at the opening were 2½c to 5c higher.

Big Break in Prices.

New York, June 17.—There was a bad break in the prices of stocks in the New York stock exchange this afternoon and under the rush to sell the market took on a demoralized appearance. Decline extended to 3½ in Consolidated Gas, 3⅝ in American Sugar, 3⅜ in Amalgamated Copper, 4 in Wabash preferred, 4½ in Reading, and 4⅝ in American Smelting. Sales were affected only at rapid concessions in prices, successive quotations on the tape varying as much as a point in some cases, and the selling movement was aggrevated by the uncovering of stop loss orders. Support of influential buyers seemed to be withdrawn.

It was said in some quarters that the decline was due in part of President Taft's message indicating that an income tax would be enacted by the congress and also that rigid investigations in the earnings of corporations would be made.

YOU CONSTIPATED PILL-USERS

Listen to a Short Lesson on How to Get Rid of Constipation Permanently.

A great many who will read this are constipated this very minute. Don't take a pill for it tonight. Stop it. It's no use. No cathartic pill, powder or drug ever cured constipation and those who are constipated know it.

Drug bowel-movers not only do not cure constipation, but they actually paralyze the bowels by continued shocks.

You can cure yourself of constipation more easily more quickly, and surely without using cathartics.

A food-remedy called Cerena, has done and is doing today some remarkable things in curing constipation.

Though Cerena is a positive remedy for this trouble it contains no drugs or medicine of any kind. Cerena is made of the finest selected cereals, combined with fruit essences and vegetables. It is Nature's remedy, for its action is perfectly natural. Cerena strengthens the bowel muscles, drugs strain them. Cerena nourishes the bowel muscles, drugs weaken them. Cerena is a perfectly natural remedy, drugs are unnatural. Cerena cures constipation, drugs never can. Cerena is a food, drugs are not.

Cerena is a delicious food as well as a remedy. The whole family will relish it—from the oldest to the youngest.

Constipation is a terrible breeder of disease, because the capillaries along the bowels soak up the overdue poison and send it into the blood. This poison weakens every organ of the body and renders them easily liable to disease.

The men and women with regular bowels are the ones who live longest, have clearer minds, quicker memories, greater energy and more lasting strength.

Just try Cerena once, and you will wonder why you never ate it before.

Cerena is sold at grocers at 25c a package. One package will last you a month and the whole family a week.

THE CRETAN CRISIS.

The next few weeks at most will witness the culmination of a serious crisis in Cretan affairs, and, apparently, in those of the empire of which that island has for centuries been an unwilling member. The first day of July, according to agreement, will see the evacuation of Crete by the forces of the four great powers which have for some years been holding the island in trust, and the problem is what will then happen. It would be rash to attempt to answer that question, but there seems to be pretty good ground for expecting that, whatever the answer is, there will be trouble. Greece fully expects that Crete will then be handed over to her, and the Greek inhabitants of Crete, who form the majority of the population, expect the same thing. On the other hand Turkey fully expects that the island will be retained as a part of her empire; perhaps with a very large degree of autonomy, but still with obligations of fealty to the government at Constantinople. Altogether the situation is of a nature to cause much anxiety in the chancelleries of Europe.—New York Tribune.

$352,707.00 DEPOSITED AT FIVE PERCENT.

Safe, Secure, Convenient For Savings and Deposits.

Nine years ago The Lima Home & Savings Association began paying 5 per cent for deposits in any amount with privilege of compound interest. On account of the safe and secure manner in which such deposits have been handled, many people of large and small means, have accepted the very liberal opportunity of having their funds invested at a rate that is worth while, until nearly $353,000 have accumulated earning 5 per cent. These deposits are used by this association only for loans on city and farm homes in Lima and vicinity. Nothing but first mortgages are taken to secure these loans; ample insurance is required for the Associations protection as well as frequent reduction of principal.

Another feature of safety is the annual examination by the state authority to which this Association is subjected. The last examination was completed on the 20th of May, 1909, and included an investigation of all of the Association's investments and securities.

All persons with money to lay by at the liberal rate this Association has been paying for many years, who are seeking a place where safety, security and convenience, are in every transaction of its business, are invited to its office in the Masonic building west of the postoffice, Lima, Ohio.

SUNDAY EDITOR

N. Y. TIMES CALLED TO THE STAND IN TRIAL

Of Brandeburg on Charge of Forging Letter of Cleveland.

TESTIMONY OF INDICTED MAN

Before Grand Jury Read to Court by the Prosecution

In Which He Swore That Mr. Cleveland Had Signed Article.

New York, June 17.—Chas. M. Lincoln, Sunday editor of the New York Times, was recalled to the stand today at the continuation of the trial of Broughton Brandenburg, on the charge of grand larceny growing out of the sale of an alleged forged letter of the late Grover Cleveland to the New York Times. Mrs Frances Folsom Cleveland, widow of the late president at the beginning of the trial had testified that the signature of Mr. Cleveland attached to the article was a forgery.

The article was admitted in evidence at the close of the session on Tuesday. On cross examination by Attorney Jacobi for the defense Mr. Lincoln stated that he had twice sent a reporter to F. S. Hastings, one of the executors of Mr. Cleveland's will to ascertain if the article was genuine. Two letters which the witness said the reporter said he had secured from Mr. Hastings were admitted in evidence.

After Mr. Lincoln was excused the prosecution began to read Brandeburg's testimony before the grand jury which indicted him. In this testimony Brandeburg had stated that he had typewritten the article himself.

"Who signed it?" was the question "Mr. Cleveland," was the answer the prosecutor read.

The author told the grand jury that Mr. Cleveland signed the article at his office No. 1, Madison avenue There was no one else present. The author's testimony as read, ran on to the effect, that after Mr. Cleveland had refused him an interview, he had asked that Mr Cleveland prepare a series of articles to be sold by Brandeburg, but Mr. Cleveland had replied that he did not think this would be dignified. According to the writer's further testimony Mr. Cleveland finally wrote some twenty or thirty sheets of notes which Brandeburg carried home, afterward typewriting them taking this copy to Mr. Cleveland for correction and recopying the corrected article. His suggestions as to cutting out certain passages had been adopted Brandeburg testified

Mr. Cleveland was not well when he took the article back, Brandenburg's testimony went on and objected to looking it over, but finally did sign, the manuscript notes being left with Mr. Cleveland. The writer then told of offering the article to several magazines before offering it to the Times, and of Mr. Cleveland's disappointment at the price offered He also told of the controversies with Mr Hastings after the ex-president's death, in which the writer declared Mr Hastings specifically authorized him to sell the article. Mr. Cleveland's signature, Brandeburg testified, was affixed to the article in March, 1906

MEN PAST FIFTY IN DANGER.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Beater, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostrate gland and advised an operation On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint." WITH DEATH DEALING WHEELS TRAIN CRUSHED OUT HIS LIFE

Young Man From New York Met Death in C. H. & D. Yards.

WAS TAKEN WITH FAINTING SPELL

And Missed His Hold, the Fatality Not Being Discovered for Hours.

Kenneth Garling, a handsome, prepossessing boy of seventeen lies at the morgue of Williams and Davis, his body crushed and mangled and his heart broken father and mother, Mr. and Mrs. Charles Garling of Syracuse, N. Y., are hastening here to claim the remains as fast as steam can bear them.

It is the sequel of the old story of a young man leaving home to see the world but knowing the sad end that awaited him. A week ago last Monday young Garling left his home town, Syracuse N. Y., and came west. He had been traveling on freights, but now his way through, and arrived in Lima sometime yesterday afternoon.

About seven o'clock last night he attempted to board a north bound train on the C. H. & D. and fainting, lost his hold and fell beneath the wheels. It is supposed that the boy had had nothing to eat during the day, thus causing the fainting spell. However that may be, the train sped on and the boy recovered consciousness after a time, unable to attract attention, or to move on account of his great pain and suffering. He remained conscious and about 3 o'clock this morning was found by one of the yard men, the accident happening at the extreme end of the yards where the men had not gone earlier in the night.

The ambulance of Williams and Davis was called, and the lad taken to the hospital, but the injuries and the exposure were too much for him and he died at eight forty-five. He was able to tell those who cared for him the names of his father, a manager of an Electric Supply Co., in Syracuse and residing at 105 Wood avenue that city, and the fact that he had two brothers living. The time intervening between his leaving home and the fatality of last night is almost an entire blank, as far as he had strength to tell of it.

The injuries of the boy was such as to have caused death without the consequent exposure but the long hours of waiting intensified his sufferings which can only be imagined, alone in the darkness and the rain. His left leg was cut off just below the knee, one hip was broken, one shoulder crushed and a bad cut on his head together with bruises from head to foot comprised the injuries made by the train.

A telegram was sent to his parents and a return message announced their departure for Lima where they will arrive sometime this evening. The remains have been prepared for burial and will of course be taken back to Syracuse by the bereaved parents.

BROKEN NECK

Result of Aged Man's Fall Last Night.

Thomas Neely, a man of past 60 years, residing at Elida, while walking along north Main street last evening fell into the cellar that is being excavated at the new Altschul plant near the Pennsylvania railroad.

The ambulance of Williams & Davis was at once summoned and the injured man taken to the hospital. There is was found that he had sustained a broken neck, as well as other injuries, but the physicians were able to make him fairly comfortable for the time-being.

Mr. Neely has been making his home with his son, Delbert, near Elida, and he also has another son, William, at Fort Wayne, Indiana.

Information this afternoon is that he is still living, but no possible hopes are entertained for his ultimate recovery, the nature of his injuries precluding such hopes.

LAST SAD RITES

Held Today For Marcella Cantwell.

The last sad rites over the remains of Miss Marcella Cantwell, the young girl who died in South Bend, Ind., were held from St. Rose church this morning at 9:30. The Requiem Mass was offered up for the repose of her soul by the Rev. A. E. Manning who preached a consoling funeral sermon.

The boys of the graduating class of St. Rose high school, acted in the capacity of pall bearers, and were as follows: John F. Malloy, Henry W. Vandeven, Clarence E. Doolin, Bernard A. McKerren, Michael J. O'Connor and Clarence A. Mulligan.

The following relatives from out of the city were present: Mr. Hennessy, grandfather of the deceased, John Cantwell, Mrs. Margaret Ryan, Mrs. E. Cantwell, Miss Nellie Cantwell, of Bellefontaine, Mrs. M. Brophy, the Misses Mary and Margaret Maloney, of Sidney, and Mrs. Sunshine, of South Bend, Ind.

Interment was made in Gethsemani.

STAND BY YOUR HOME INDUSTRIES.

IT MAY NOT BE GENERALLY KNOWN THAT LIMA HAS AN INSTITUTION THAT MAKES A SPECIALTY OF MANUFACTURING ASPHALT PAVING MACHINERY, BUT IT HAS; AND THIS PLANT IS ONE OF THE MOST MODERN AND UP-TO-DATE PRODUCTS OF THE KIND ON THE MARKET.

ONE OF THE CHIEF ADVANTAGES DERIVED FROM THIS PLANT IS THAT THE ASPHALT IS STEAM HEATED. MANY OF THE BAD ASPHALT STREETS ARE DUE TO THE BURNING OF THE ASPHALT WHICH MAKES THE ASPHALT HARD—AND CRACKS IN THE STREET RESULT. THIS DANGER is OVERCOME BY THIS PLANT AND WITH A GOOD ASPHALT A GOOD STREET CAN BE ASSURED.

THE PEOPLE OF WEST MARKET STREET AND THE OFFICIALS OF THE CITY SHOULD BEAR THESE FACTS IN MIND WHEN SELECTING THE MATERIAL FOR THE PAVING OF WEST MARKET STREET. A KNOCK AGAINST ASPHALT IS A KNOCK AGAINST ONE OF THE LARGE INDUSTRIES OF LIMA. THIS CITY CANNOT EXPECT OTHER CITIES TO HAVE FAITH IN US AND OUR PRODUCTS IF NONE IS SHOWN AT HOME. ASK THE CITIZENS COMMITTEE TO RECOMMEND SHEET ASPHALT FOR WEST MARKET STREET.

OTHER CITIES STAND BY THEIR HOME INSTITUTIONS AND LIMA HAS THAT REPUTATION SO DO NOT GO BACK ON YOUR CITY NOW.

FRONT BUCKLES WOODEN PAVEMENT IN BROADWAY.

Section in Front of Trinity Church Raised Up Five Inches.

The wooden block pavement in Broadway, between the downtown car tracks and the curb stone opposite Trinity church, swelled from the frost during the night, and a hummock about five feet in diameter and five inches high was raised.

A traffic squad policeman was stationed near the spot to prevent vehicles running over the piece of buckled pavement. Employes of the contracting company that laid the pavement soon had the street reduced to its proper level.—New York Globe.

FORMER PASTOR

Officiated at Marriage of Two Lima Young People.

A number of weddings took place yesterday among them being that of Miss Ola Wingate, daughter of Capt. and Mrs. J. F. Wingate, of south Central avenue, and Mr. Clark Hitchcock, also of this city.

The ceremony took place at three o'clock at Findlay, whither the couple went in order to have the former pastor of the South Side Church of Christ, Rev. George Sims, officiate. A reception at the home of the bride's parents with a delicious wedding supper followed the return to this city and some forty of the friends and relatives of the family attended the occasion.

The bride is well known in her home city having been employed at the telephone exchange of the Central Union Company for some time and was one of the most popular attaches of that company. The groom, Mr. Hitchcock, is connected with the Ellerman Clothing Company and has been an employee of that firm for several years. He has prepared a home for his bride on Park avenue, where they will at once go to housekeeping.

FAMILY GATHERING

To Witness Marriage of Only Daughter of Mr. and Mrs. Bessire.

AT NOON HOUR OCCASION WAS

Celebrated With Dr. Campbell Acting as Officiating Clergyman.

Just at the noon hour yesterday the marriage ceremony uniting the lives of Miss Emma Bessire and Mr. David Allgier took place at the home of the bride's parents, Mr. and Mrs. A. L. Bessire, 775 west Wayne street.

Some twenty-five guests had gathered to witness the beautiful service, and the house was a genuine floral bower, all the summer blossoms of the garden being culled for decorations. Palms, with vases of roses, syringias, honeysucke, carnations and other cut flowers were combined to give a dainty artistic effect, and the mass of bloom and greenery arranged just behind the bridal party was especially pretty.

Dr. T. H. Campbell acted as the officiating clergyman, and he entered with the groom as the bride appeared on the arm of her father, to the notes of Lohengrin's march played by Miss Gladys Fleming on the piano and Mr. Lee Fleming on the violin. The ring service was used, and immediately after the closing prayer the bridal couple led the way to the dining room where the bride's table and another table were prepared for the wedding feast. These were lavishly adorned with flowers and here the party enjoyed a three course dinner after which the bride and groom prepared for their departure for a trip up the lakes. They left at two o'clock and after their return will be at home to their friends at Urbana, Ohio, after July 1st.

The bride wore as her wedding gown a handsome one piece robe of all over lace, and carried an armful of bride's roses. Her traveling suit was a dark brown costume with hat to match.

Mr. Allgier, who is connected with a shoe firm at Urbana is a very enterprising and highly esteemed young business man. For three years he was employed at the Hover shoe store in this city and it was while here that he met his bride. Miss Bessire has for several years been employed at the store of Feidmann and Co., and has a great number of friends who wish her all happiness.

The guests attending the event were Dr. and Mrs. T. H. Campbell, Mr. and Mrs. Fleming, Miss Helen Rambo, Mr. and Mrs. Wm. Bogart, of Lafayette; Mr. and Mrs. Boyd, also of Lafayette, Mr. and Mrs. Oliver Bessire, and two children, of Bluffton; Mr. and Mrs. Edward Bessire, of Indianapolis; Mr. Fred Bessire, of Detroit, Mich.; Mr. Austin Bessire, of Columbus.

FIELD

Meeting at the Experiment Station.

A wheat field meeting will be held at the Ohio Agricultural Experiment Station on the afternoon of Tuesday, June 22, 1909, followed by an evening meeting in Wooster at which addresses will be delivered by Prof. Thomas F. Hunt, director of the Pennsylvania State College Experiment Station; Mr. C. B. Jenkins, Secretary of the Ohio Millers' State Association, and Hon. A. P. Sandles, Secretary Ohio Department of Agriculture.

The wheat crop at the Experiment Station promises a full yield, and the present outlook is favorable for an interesting exhibit of the varietal, cultural and fertilizer experiments.

Trains on the Pennsylvania reach Wooster from the east and west between 11:00 and 12:00 o'clock a. m. Restaurants in the city will be prepared to serve meals or luncheon, and there will be lines of automobiles and omnibusses running between the city and the Experiment Station.

If persons who propose staying over night will notify the Station a few days in advance, lodging will be secured at reasonable rates.

Take a day off and visit the Experiment Station!

ORPHIUM THEATRE.

Two capacity houses greeted the excellent performances at the Orphium last night. It is one of the most evenly balanced bills the Orphium has had in many weeks, every act is entertaining and is scoring a hit at every performance. "The Broom Stick Witches" is one of the neatest and most pleasing big acts you ever saw. This is the last week of this season at this popular house, the last performance will be given on Saturday night.

On Friday night the management has arranged to give everybody a fifty cent copy of the latest song hit entitled, "Possum" words by the well known composer Geo. A. Scofield; music by J. B. Cohen, who is well known in the musical world. Don't miss this opportunity to get a new and popular song, and one that you cannot buy as all rights are reserved, the song was written especially for President Taft, or the "Taffy 'Possum." Don't forget Friday night. Everybody!
